

USA Spec PA11 Vette iPod Interface Connect, Charge, Control and Play your Apple iPod to your Chevy Trucks Factory Radio

PA11- Vette Smart iPod Connector

Connects,
Charges, Control,
and Plays iPod
through your OEM
Chevy Truck radio.

New Hybrid mode!!!

**Combines both
playlist mode
and direct
mode !!**

Note: Not actual Image

Use your iPod to create up to 5 favorite mobile play lists. Then, access, play, and control each favorite play list with your factory radio's CD Changer/AUX/Band buttons.

Or manually control your iPod and access all your content to play directly through your factory radio. New Hybrid mode combines both playlist mode and direct mode. In Direct Mode, the factory radio will control song up/down and random or shuffle Play. User can control all features of the iPod manually.

Our iPod connector also adds an additional Auxiliary input into your factory radio for audio device such as DVD player, Satellite radio tuner, or MP3 player.

Compatible with all iPods including iPod Nano & Video

General Application:

Equinox 2005-2006

Uplander 2005-2006
